Name : HETHERINGTON, LOGAN

Voter ID : 103041889-21

Polling Place : Outside

Time and Date : Nov 6 2019 2:03PM

Complaint Detail : The sheet that the pool workers use erroneously noted that my ID was required to vote. I informed poll workers that because I previously voted in the precinct, my ID should not be required but that I would provide it anyway. I was told that I must show my ID. I told poll workers that is contrary to law. I did show my ID and voted. During that time, a man overseeing the workers made comments that it was "not his problem" and people (presumably, me) "are getting out of hand."

Name : PETERS, ANDREW

Voter ID : 021260396-21

Polling Place : Inside

Time and Date : Nov 6 2019 6:17PM

Complaint Detail : The PA-wide ballot question regarding crime victims' rights ("Marcy's Law") was summarized on the official ballot in a grotesquely biased and unprofessional manner. I knew as soon as I saw how it was described on the ballot that it would pass, simply because of how biased the ballot's description of it was. With all respect, ballots are not supposed to take sides. Please let us not allow this disgrace to occur ever again. Thank you for your time and consideration.
